

CALL FOR PAPERS  
SOCIETY FOR THE ANTHROPOLOGY OF CONSCIOUSNESS  
A Section of the American Anthropological Association  
SPRING 2000 ANNUAL CONFERENCE  
Tucson, Arizona April 5-8

The Society for the Anthropology of Consciousness will hold its 20th Annual Spring meeting April 5-8, 2000 in Tucson, Arizona. The theme of this years conference is "The Anthropology of Consciousness: A 20 Year Retrospective." The meeting will be held immediately prior to the Science of Consciousness IV Meetings sponsored by the Consciousness Center at the University of Arizona (see [www.consciousness.arizona.edu](http://www.consciousness.arizona.edu)). The conference will be held at the Clarion Santa Rita Hotel in Tucson, Az (88 E. Broadway; reservations at 520 622-4000; specify SAC for conference room rates.)

To address this theme of "The Anthropology of Consciousness: A 20 Year Retrospective", the program will include new features in plenary speakers and sessions and poster forums. This year we are soliciting plenary papers to provide a retrospective on a specific area within the field of the anthropology of consciousness and an examination of the state of the field in that area. These plenary papers will be given double presentation time (30 minutes) and discussion opportunities following presentation. It is hoped that plenary presentations will form the basis for an edited book on *The Anthropology of Consciousness*. Poster forums are sessions where presenters' papers are posted in advance, and scheduled presentation time is used by presenters for discussion with the panel and audience.

Plenary papers and plenary organized sessions will provide a retrospective on a specific area within the field of the anthropology of consciousness and an examination of the state of the field in that area. Some of the principal areas are listed below; review papers in areas other than those listed are also welcomed.
