“Expressions of Consciousness”

The Society for the Anthropology of Consciousness is now soliciting proposals for papers and panels for our 2005 Annual Meeting. We invite proposals from all five sub-fields of anthropology as well as from related fields. Possible topics include: the archaeology of consciousness; language and consciousness; the biological bases of consciousness; applied consciousness; cultural expressions of consciousness; theoretical perspectives on material culture and consciousness; the paraphernalia and costuming of consciousness; the touch and embodiment of consciousness; the construction of space in which consciousness is cultivated, amplified, suppressed, or extended; local consciousness and global consciousness in material or immaterial terms.

Because this meeting marks the 25th anniversary of the Society for the Anthropology of Consciousness, we especially welcome proposals that provide historical perspectives on the anthropology of consciousness.

The deadline for submitting proposals is February 1, 2005. For more information, or to download proposal and registration forms, go to:
