## CALL FOR PAPERS

### "NEUROANTHROPOLOGY OF STRANGENESS"

**SOCIETY FOR THE ANTHROPOLOGY OF CONSCIOUSNESS**

**114<sup>TH</sup> AAA ANNUAL MEETING**

**DENVER, CO: NOVEMBER 18-22, 2015**

The Society for the Anthropology of Consciousness welcomes paper and panel proposals for the American Anthropological Association meeting, 2015 in Denver Colorado. Casting common sense in new light by making the familiar seem strange and the strange seem familiar is a venerable strategy used across anthropology's subfields. This year, SAC invites participants to explore, in particular, familiarity and strangeness in the context of neuroanthropology, which emphasizes variation, brain plasticity, processes, and context. Topics related to consciousness may include the following, although others topics are welcome:

-  Neuroanthropology of familiarity and strangeness
-  Liminality and in-betweenness
-  Ethnography of strangeness, "others", or "othering"
-  Indigenous ways of knowing
-  Art and creative processes
-  Meditation and yoga
-  Ethnic, national, and political consciousness
-  Ethneogens and psychoactive substances

**PROPOSALS DUE APRIL 15, 2015**
